WELCOME NEW INTERNS!

We are delighted to extend a warm welcome to our new crop of interns who have chosen to spend the next nine months exploring the world of Camp & Conference Ministry through the lens of Zephyr Point.

Here are the talented individuals joining our team: Trinity Barnes - Development & Marketing, Abbie Leathan - Guest Services, Caleb Cripe - Program, Chris Barton - Program, Kathryn (KP) Pena - Facilities and Grounds

Our aspiration for each intern is that they will grow professionally while engaging in a journey of faith and spiritual development during their time here. They will be given the opportunity to forge meaningful relationships within their intentional living community while creating memories that will last a lifetime.

Once again, a warm welcome to our new interns. We're excited to have you on board as Zephyr Point continues its mission to provide a sanctuary where individuals can experience the divine through education, exploration, and inspiration. SPRUCING UP IN THE PINES

We're calling for volunteers to participate in our bi-annual Sprucing Up in the Pines weekend! The volunteer event will take place at Zephyr Point from October 13-15, 2023, and we need all hands on deck to help prepare the grounds for the upcoming winter season. Volunteers are assigned various maintenance tasks that may include painting, hammering, raking, and sewing. There will be plenty of opportunities to bond with other volunteers at our Friday Social Hour and Saturday Game Night! Zephyr Point volunteers are always appreciated at this bi-annual event where so much work is done to assist our non-profit.

WE NEED YOUR HELP WITH SAFETY!

The Nevada Department of Transportation has invited the public to take part in an online survey to provide feedback about proposed future improvements to the U.S. Highway 50 from Zephyr Cove to Stateline. The proposed demonstration project will reconfigure an approximate one-mile section of highway lanes. The project will impact the highway directly in front of Zephyr Point. If you have been here, you know the difficulties of turning into and out of our property. Please help us in supporting this test project that will hopefully make some positive changes to the safety of all who visit Zephyr Point. Help make a difference and fill out the survey today and encourage this test project to move forward! It only takes a couple of minutes.

Take the survey!
